Due to the death of my husband, Robert Paul Patin, I have decided to sell the tractors, trucks and farm equipment at public auction. We will have things lined up and ready for your personal inspection on Friday afternoon and invite you to come out and look things over. I appreciate your time and invite you to my auction on Saturday morning. Thank you in advance for attending. Sandy Patin.

**NOTE:** Robert and his father Paul before him operated a Minneapolis-Moline parts supply and repair shop here since the early 1940's. There seems to be MM parts, some new in crates, in several of the outbuildings. Most of the farm equipment is field ready. Make plans to attend this auction and avail yourself of the opportunity to purchase these tractors, combine, farming tools and MM parts at your price. For your convenience we will have a lunch wagon, port-a-jon and much off road field parking.

**TERMS:** Cash / check. Master Card or VISA, w/ 3% service fee. We subscribe to CHECK ALERT INC. All items must be removed the day of the Auction.
