AUCTIONEER'S NOTE: Dale had a lifelong love of all things automotive and spent countless hours in his home repair shop helping others with their auto repairs. He was employed by Advance Tooling Systems as a supervisor of maintenance for many years. Dale appreciated high quality tools and this is evident in this Auction offering. He always took extra good care of and took pride in his shop tools. The Snap-On tools boxes are in extra nice condition and are the type that any mechanic would be proud to own. The Kubota Zero Turn mower has only 180 one owner hours and always maintained and kept in the garage.
