Same thing with the Kubota, it also was purchased new, NEVER left outside and always well maintained. Nearly everything on the VanderVeen Auction was purchased new and is in like new condition, even the Stihl chain saw was cleaned after each use! If you are looking for an afternoon Auction to attend with quality, useful items, make sure you are on 68th Ave. just North of Allendale on Thursday June 29 @ 4:00 PM for the start of this exciting Live Public Auction.

For your convenience we will have a lunch wagon, wash-up station, port-a-jons and some off street parking, watch for signs and parking attendants.

Having retired and purchased a condominium with plans of spending the winters in the south we are selling our country home of 25 years. We have commissioned Art Smith Auctioneers to conduct a Live Public Auction to help complete our plans.

Thank you in advance for attending our Thursday afternoon Auction and appreciate your support.
